Y1 Days Months and Events

KS1 Y1 Maths · Follows the national curriculum

Name _____ Class _____ Date _____

1. Worked example

Put in order: eat the cake, bake the cake, mix the ingredients

Step 1 · What has to happen first?

Mix the ingredients

Step 2 · What comes next?

Bake the cake

Step 3 · What happens last?

Eat the cake

Answer: Mix, then bake, then eat

Check: You cannot eat a cake before it is baked!

2. Now try one with the steps

Today is Thursday. What day was yesterday?

Step 1 · Say the days in order

Step 2 · Yesterday is the day before

Answer:

3. Practice

Have a go at each one. There is space underneath to work it out.

1. How many days are there in a week?

2. Which day comes after Monday?

3. Which day comes before Saturday?

4. Which two days make the weekend?

5. Do we eat breakfast in the morning or the evening?

6. Put in order: put on shoes, put on socks, go outside.

7. How many months are there in a year?

8. Today is Sunday. What day will it be tomorrow?

9. Which month comes after March?

10. Which month comes before October?

11. Which is longer: a minute or an hour?

12. Would you measure how long it takes to clap your hands in seconds or hours?

13. Yesterday was Tuesday. What day is it today?

14. In the UK, which season comes after summer?

4. Before you hand it in

Mixing up yesterday and tomorrow.
Yesterday has already happened (it was). Tomorrow has not happened yet (it will be).

Thinking the week starts again after Saturday.
Sing the days of the week song and count them on your fingers: there are 7.

Muddling the order of the months in the middle of the year.

Learn the months in groups of three, and link them to birthdays and festivals.

Thinking a minute is longer than an hour.

Try sitting still for one minute. An hour is 60 of those minutes!
